THE CRYSTAL OIL LAMP. For Burning the Crystal Oil, Combining Economy and Safety. Patent Rights for States and Counties for Sale.

THIS important invention for producing the cheapen bgit in the world is now perfected and offered to the public. Numberless other attempts have been made to produce a cheapinght, but were attended with such inherent objections as to centrey their utility and adoption. But the Crystal Oil Lamp, while it is the making a clear, while and brilliant flame—entirely free from sanks or odor. There is no danger from explosion, but is perfectly safe under all circumstances. The oil can be used in any place without fear of soiling the nicest garments. The lamps are simply arranged and refectly controlable by the children and domestic constructed that the light can be varied in

moment from that of one to eighteen or twenty ordi-nary lamps. White it is free from the disagreeable smell arising from the Kerosene and the danger at-tending the use of the burning fluid, it is found upon As much Light for ONE C .NT as Kerosene will for THREE CENTS, or Burning Fluid will for SIX CENTS,

Thus saving ave-sixths of the entire amount now ex-pended, or the price of the lamp in about a month, they are adapter to all situations, making the cheapest and most desirable light for every place—the largest halls or churches as well as private dwellings. The patent on this lamp for the different States and counties throughout the Union, with the exclusive sale of the Crystal oil, is now offered to the public, presenting a rare opportunity for merchants to secure for themsition. Facilities are completed for the manufactur of the lamps in soon quantities that they will be furn a cost as will be closed of immediately, and the lamps and oil delivered as seen as desired. As no lamps or oil will be sold to any but purch seers of rights, all let-ters making the request will not be noticed. Commu-mentions and resear to the "Crystal Oil Lamp Co." Roca's Remedy for Pulmonary and Tubercular Consumption HAVING been appointed sole Agent for the sale of Don Geronino Roca's celebrated Curr for Consumption, the public will now be put in possession of one of the most extraordinary remedies extant for what has heretofore been considered an incurable I have the more readily undertaken the agency, from the fact of its extreme simplicity—being an outpeard application, the action of which is seemingly miraculous, and its having none of those attributes which

make up the numerous compounds now in general With the utmost confidence in the success of this remedy, which has heretofore been used in private practice with great success, as is shown by numerous letters and certificates, is now offered to the public. A pamphlet, containing directions, letters from dis-tinguished individuals, and documentary evidences from the physicians of the hospital of Havana, Island from the physicians of the hospital of Havana, Island
of Cuba, &c., will accompany the remedy.
These speak volumes in its praise, and publicity it
only required to render it as popular as it is benefical. Address,

HEALTH will, in all cases, follow the use of Radway's R. R. Remedies. There are none so sick or diseased, so weak, feeble, or crippled with pain or infirmities, but that Radway's Ready Helief, Renovating Resolvent, or Regulators, as the nature of the disease or sickness may require, will quickly and rapidly cure. These remedies consist of Radway's Ready Relief;
Radway's Renovating Resolvent; Radway's Regulators.
Each of these remedies possesses special curative powers over certain diseases. Yet there are other diseases, wherein their combined medicinal properties are required; and when thus used, if there is sufficient life and strength within the diseased or dying body to sus-tain their action, the patient will live and be restored to be let.

Have, in many cases, defied the skill, heretof re of the
best medial practitioners in the world, and many cases have been abandoned as incurable. Dr. J. Wil LIAMS, Chemist and Pharamaceutist, after studying closely the practice of Drs. Abernathy and J. Johnston, England, and observing the nature of the

disease in aliris stages, during a sojourn in the southern and western portions of the United States, where it prevails to a greater extent than elsewhere, procured from South America certain roots and herbs, from which he prepared an "Enxir," which, after eighteen years' use in private practice, has preved itself more afficacious in the cure of Dyspepsy, than any medicine that has ever been prepared in any age or any clime ponents, to a number of Physicians of Philadelphia, a mong whom were the late Drs. Joseph Hartshorne and J. C. Morton, it has received their entire approval, and many of the Medical Faculty are now not only prescri-bing it for their patients, but are using it themselves personally, and in their families. As a tonic, it is une personally, and in their families. As a tonic, it is une qualled, and its properties are of so invigorating a nature, that it is given with perfect safety and success to the most tender infants.

The "Elixir" is very gradual, but certain in its action upon the organs of digestion, the increased secretions of the liver, pancreas and mucos membrane of the stomach, and requires that only one dose betaken in twenty-four hours; for confirmed Dyspepsy, can only be cured by gradually restoring the organs of digestion to a healthy state. The great success met with in curing the most aggravated cases of Dyspepsy, accompanied sometimes with a high grade of hypochondriasis, has established the most unbounded confidence in the curative properties of this "Elixir;" in corroboration of which, read the following testimonialis—

To all persons afflicted with Gravel.

Ms. J. F. Cowas:—Dear sir:—I hereby certify that in the summer of the year 1853, a servant of mine, a boy about 19 years of age, who had always before this time been stout and of a vigorous constitution, was attacked with gravel. A Physician was called who attended on him for several months, during which time be grew worse daily, until he was helpiess, and i believe would have died in a few days had it not been for a friend, who advised the use of Cowan's Lithontriptic. I procured a few bottles, the first of which gave him resief, and in a short time he was able to walk about, and finally fully recovered; since which time he has had no symptoms of said disease, and to all appearance is as healthy as any servant on my plantation. I therefore recommend it to all persons suffering under a like disease, as one of the most certain remedies known.
